MEMORANDUM FOR: Chief, OL/Contracts Division

VIA: Chief, MPS/SSC  
DI/Contracts Branch  
DI/LogisticsFROM: John K. Allen, Jr.  
Director of African and Latin American AnalysisSUBJECT: Justification for Cancellation of ALA/AE/S  
Contracts for 7-8 April 1988 Conference on  
South African Labor

1. South Africa Branch, Africa Division of the Office of African and Latin American Analysis, has determined that it will not be feasible to continue with the planned conference on South African labor, first scheduled for 25-26 February, and subsequently postponed to 7-8 April 1988. [ ]

STAT

2. We believe that it will be impossible to hold a conference which justifies the financial cost and use of analysts' time. Circumstances beyond our control led to this decision. The State Department in January retracted their agreement to cosponsor the conference because of concern over the political sensitivity of the subject. As a result, even seasoned conference attendees were reluctant to participate in the conference. More importantly, labor specialists, critical to the success of the conference, were unwilling to participate or attend. [ ]

STAT

3. Our contractor, Booz, Allen and Hamilton, concurred with our decision to terminate the project. They worked diligently to obtain qualified participants, but State Department opposition to the conference made that very difficult. [ ]

STAT

4. We believe that the contractor performed adequately and is entitled to reasonable compensation of charges which the DI Contract Office determines to be properly documented and justified. No further performance is expected, and the contract may be closed. [ ]

STAT

5. We appreciate the time and effort that the contracting and logistics teams have devoted to this project. [ ]
